DESIGNER WHO CODES

INDI WATTÉ

WEB & UI/UX DESIGN · FRONT-END DEVELOPMENT

I'm a third-year Digital Design & Development student at Devine (Howest) who bridges design and code. I love pushing visual ideas further, but always with an eye on how they'll actually be built. I look for the sweet spot between creative ambition, user experience and efficient implementation.

OPEN FOR AN INTERNSHIP · FEB – MAY 2027

SELECTED PROJECTS

Case studies on indiwatte.be

CLIENT PROJECT · VISIT ANTWERP

Sounds Like Antwerp: Visual Design Lead

Brand identity (website) · Campaign visuals · Team of 4 · Figma

- Led the visual identity of a city campaign for young urban travellers: logo, typography, colour, style guide and web design.
- Delivered one cohesive brand system; the client responded with positive feedback and was enthusiastic to develop it further.

UX PROJECT · SPECULATIVE DESIGN · TEAM OF 3

Interstellar Spaceship: Sunrise

UX research · User testing · Prototyping · Figma

- Designed an archive for a multi-generation space mission that spots fading knowledge and nudges the crew with quick refresher tests.
- Ran 10 user tests over 5 iterations; using feedback to refine and significantly improve the user experience.

SELF-INITIATED · 2026

indiwatte.be: Portfolio, designed & coded solo

Figma · Astro · GSAP · Vite · Responsive

- Designed in Figma and built from scratch, with scroll-driven animation and interactive details.
- Responsive on every screen size, home of my full case studies.

BEYOND THE SCREEN

2022 — **Solo exhibition of my art**
Took it from idea to opening night on my own initiative: selection, setup in a local bar, and sold my first 12 artworks.

2023 – 24 — **School ambassador, KAZ Zottegem**
Represented the school to prospective students and parents at the final-year proclamation.

SKILLS

DESIGN
